To celebrate the 500th Anniversary of the Reformation  
the Immanuel Lutheran Church chapter of  
the Lutheran Amateur Radio Support Network  
is operating a special event station at the church's Fall  
Festival, 31 October 2017, 0930-1900 MST

### **Lutheran Amateur Radio Support Network (LARSN)**

LARSN provides training, resources and is ready to respond in a disaster  
or emergency with Christian compassion to provide amateur radio communication  
support for Lutheran Congregations, Regional Groups, or Agencies,  
and assist our communities as needed and requested by local authorities.

We hold weekly nets on HF radio and Echolink.

For information visit our webpage at:

<http://larsn.org/>

Join in our nets! All are welcome!

We are interested in exchange of information and ideas about  
emergency communications, maintaining our station equipment and  
communication skills through regular use of our equipment  
and monitoring operating conditions
